## WHAT IS IT?

Posted by thunderbolts - 2008/04/22 08:40

---

Dear Patriots,

It is a green book. It has 15 chapters in 194 pages. To print such book may cost more than K/1000. But, if you are interested, and in the interest of the nation and in the interest of the people, in your own interest, you can buy it at any book stores in Yangon for K/1000 each. You may get it free if you have any connection.

This is not for a contest, this is something for the future of your nation (Myanmar).

You like it, you can have it, you don't like it you can dump it.

What is it ?

Thunderbolts.

Hi Thunderbolts,

Glad to hear you again. How about your holidays in Myanmar?  
For the people living abroad, they can download from

<http://www.myanmarforum.net/>

I would prefer the government distribute it free and they don't sell.  
However these are small matters.

At least I was happy they had corrected the typo error.

BR

I KNOW WHAT IT IS !!!!

Burmese have to read it closely before May 10

MHK,

Thanks , nice to be back.

Talk to you later.

T.

Jacque,

Thanks. You are right.

The basois principals of the new constitution , all those in the books, I have published in the past in the old ASIAOBSERVER forum under my original pen name of Mogyothwar. In English Mogyothwar is Thunderbolts.

Some read the basic principals with great interest and seriousness. Because this is the shape of Myanmar in future. Some took them seriously, some took them as jokes. Sorry to say some people do not know what is a joke or what is seriousness.

Now they are facing it, they have to face it. I expected so much of my people. Yet I do not know, I don't have a slightest idea how ignmorant some of my people are especially when they are already living freely outside Myanmar for years.

Would it be JUST, would it be FAIR if the people vote for something with nothing in their heads? Or asking the people not to vote to excercise as their rights? Is it not violating other people's right and abusing one's own rights?

One vote is all that counts.

Regards,

Thunderbolts.
