The last cartoon is at the bottom of this page

17 October (1857 !)

This cartoon, published on October 17, 1857, in Harper's Weekly glorifies the military exploits of Sir Colin Campbell, the British commander who suppressed a revolt among native garrisons of the British Army in India in 1857-1858. The event is known as the Indian Mutiny or the Sepoy Riots, from the British perspective, and the First War of Independence, from the Indian point of view. Here, Campbell is depicted as a giant, clad in the kilt of his Scottish homeland, who slays the Indian rebels
