## The "Somalia Pirates"

## Where Do The Attacks Occur

## Is There A Connection To Israel And These Attacks

## Who Were The Original Pirates

At the end of the fifteenth century, the Spanish Inquisition forced many Jews to flee the country. The most adventurous among them took to the high seas as freewheeling outlaws. In ships bearing names such as the Prophet Samuel, Queen Esther, and Shield of Abraham, they attacked and plundered the Spanish fleet while forming alliances with other European powers to ensure the safety of Jews living in hiding.

JEWISH PIRATES OF THE CARIBBEAN is the entertaining saga of a hidden chapter in Jewish history and of the cruelty, terror, and greed that flourished during the Age of Discovery. Readers will meet such daring figures as "the Great Jewish Pirate" Sinan, Barbarossa's second-in-command; the pirate rabbi Samuel Palache, who founded Holland's Jewish community; Abraham Cohen Henriques, an arms dealer who used his cunning and economic muscle to find safe havens for other Jews; and his pirate brother Moses, who is credited with the capture of the Spanish silver fleet in 1628--the largest heist in pirate history.

## The Mystery Ship From Iran

On October 3rd, the pirates captured this Iranian freighter, and brought it to Somalia. The rumor floated that it was carrying a large amount of radioactive material, and was headed to Israel. When the winds were right, it would cruise along Israel, and explode its deadly cargo.

## A Cruise Ship Is Attacked In 2005

A real hijacking would have terrorists on board, as passengers or crew. There would have been a bomb placed on board, and a quiet \$10 million ransom would have been paid.

## Blackwater Mercenaries

<http://judicial-inc.biz/811som9.jpg>

These pirates have attacked everyone from cargo ships to ocean liners, and suddenly Blackwater is on the scene. A quick look at these Mercenaries and you can see they are a Zionist front.

We can destroy a country, and kill 1.5 million Iraqis, but we can't send a an F-16 from the fleet to blow up a boatload of pirates...WOW

Let me just make a short comment on this one since before tackling such mystery if there's truly one, one must know that more than twelve (12) years after U.S. troops withdrew from Somalia after a disastrous military intervention, incoming Somali government and U.S. analysts for said region had the United States secretly supporting secular warlords.

AND WHO ARE THESE PIRATES?

One thing for sure, they are not from the government a sentiment that the prime minister of Somalia disgracefully uttered in relevance to U.S.-Somalia foreign relationship.

"We would prefer that the U.S. work with the transitional government and not with criminals."

The US Marines were badly defeated and humiliated in Somalia, so America is now waging a different kind of War against Somalia by backing Warlords, Criminals, Ethiopians and Israelis to erase the humiliation.

This is what happened to the Marines in Somalia

There's nothing to argue about this, it's a Fact.

Islam is the biggest threat for them, because it is only Islam, that questions and challenges them.

Prove it pal. Prove it. You are so typical of all the paranoid troll ramblings I've seen all over the net treating rumors or creating them and calling them facts. I'm surprised Asia Observer allows you to post your twisted views, but then you'd probably claim THAT was a conspiracy too. Bah.

The best lack all conviction, while the worst are filled with a passionate intensity, now you figure out where I'm coming from.
